Level 11- Bridging

Rainbow Jumping!

Choose two numbers from a set of cards numbered from 4 to 9.

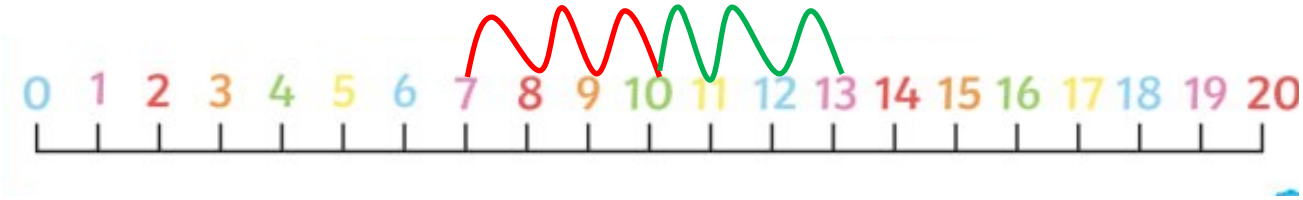

Decide if you would need to jump (bridge) through the number 10 to find the total.

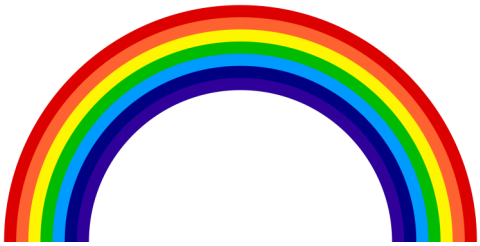

E.g. 7 + 6 =

Jump to next 10: 7 + 3 =10

Add the rest: 10 + 3 = 13

Show this on a number line

Number lines can be downloaded from our website or ask your class teacher for some .
