Saxons and Scots Homework

As part of our family learning enquiry homework we would like the children in Year 3 and 4 to complete one of the following activities over the coming weeks.

They will be able to demonstrate their creative talents and share their findings with the whole class.

Your child should choose at least one task. We hope you see this as an opportunity to support your child in their learning as well as having fun! All work produced will be on display in your child's classroom.

We look forward to seeing the results and would like the children to bring their completed projects into school from the Monday 3rd October so that they can share and celebrate each others' achievements.

May we take this opportunity to thank you for your continued support.
